Dr. Hamann's Colonoscopy Prep Instructions

Please call with any questions.

What you will need

You will need to get the following from your pharmacy/store:

- One (1), 8.3 oz bottle of Mira-Lax (purchased over the counter).
- Four (4), Bisacodyl tablets (purchased over the counter).
- 64 ounces of Gatorade (no blue).
- Baby wipes.

Important

- You must stop all aspirin products and/or blood thinners 5 to 7 days prior to your procedure unless advised otherwise by your provider. Tylenol is ok.
- Do not eat seeds of any kind 4 days prior to prep day.
- Do not use suppositories, mineral oil, cod liver oil, or wheat germ.

The day before the procedure

- Clear liquids only. **NO FOOD, CITRUS, CREAMER, MILK, or JELLO**
- Start drinking clear fluids when you wake up. The more liquids you drink the better.
- You may only have these items: water, apple juice, cranberry juice, grape juice, tea, coffee, any cola's, bouillon, popsicles, and sport drinks (except blue Gatorade).
- **At noon:** take the 4 Bisacodyl tablets with plenty of fluids.
- **At 3:00 pm:** Mix the 8.3 oz. bottle of Mira-Lax with 64 ounces bottle of Gatorade. You will need to drink 8 to 12 ounces every 30 minutes until it is gone.
- We suggest using baby wipes as toilet paper may cause irritation due to the frequency of going to the bathroom.

The day of the procedure

- Nothing to eat or drink after midnight.
- Please arrange to have someone drive you home from the procedure.
- Please make sure you arrive at your scheduled time. The Surgery Center will call you two days ahead of time and let you know what time to arrive.

Your procedure will take place at

Three Rivers Medical Center
